NO. 17

Rev. Thomas N. Arnold.

Rev. Thomas N. Arnold, who has been here for several days in the interest of his candidacy for superintendent of public instruction, left for Frankfort. Mr. Arnold is making a very active canvas for the nomination. He has visited already 72 counties and expects to be in nearly the whole state before the primary. Everywhere he is assured of strong support and he feels that he has the nomination already won. Mr. Arnold has been minister in the Christian church for many years and having preached at many points, his acquaintance is very large and his friends many. Here in Lexington he has a large following. He was the largest single donor to the city's pride, Kentucky University, having contributed \$5,000 to it, and he has in other ways endeared himself to this people. The fact that he was a warm friend

The advantage of having a managing editor who is also an expert in lithography, was shown yesterday morning. After the regular operators had finished work and left the office, a fire broke out about 4 o'clock in a blacksmith shop and started in the rear of the opera house. Our Mr. Sheldon M. Sausley was starting home when he saw the blaze. Rushing to the fire department, he jumped on a wagon, went to the fire, got the particulars, came back, wrote it up, set it up and saw it in the form in time to catch the early mail. It was a "snap" and a stroke of enterprise that entitled him to the thanks of the manager and the praise of the public—Lexington Democrat.

Mother's Girl.

There exists often a very beautiful companionship between the mother and her daughter. The intimacy is frank, free and sympathetic. But some day the mother feels as if something had chilled this intimacy. The child is silent and sad, and seems to shun her mother instead of seeking her.

This change very often occurs when the young girl is crossing the border line of womanhood. She is morbid, nervous, fearful, as she enters upon this new experience.

The use of Dr. Pierce's Favorite Prescription at such a time will do more than restore the normal balance of mind and body. It will establish the womanly function upon a basis of sound health, as well as improve the appetite, nourish the nerves, and promote the general physical health.

"Four years ago my daughter's health began to fail. I took her to the Hall of Brothman, Green Co., Wis. "Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout, weighed 170 pounds. A cure of good health, until she was the age of fourteen, then she was quite thin. She was so thin down her weight was 120. I felt I could not give her up as she was the only child I had and I must say, Doctor, that only for your 'Favorite Prescription' my daughter would not have been saved. Today, when she has taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as can be."

The Common Sense Medical Adviser, 1000 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

The case will reach the jury to night or Wednesday morning. The trial has so far consumed 19 days.

Democratic Primary May 9th, 1903.

VOTE FOR...

Mr. J. M. Alverson yesterday announced his candidacy for the democratic nomination for representative in Lincoln county. Since he has been old enough he has not only voted the straight democratic ticket, but he has been one of the most earnest and efficient workers in the ranks. He has not only worked, but has written and set forth the democratic doctrines in a manner that has brought about much good, and if the democracy of Lincoln county does not honor him, it would seem that it were ungrateful. Advocate.

JESSE M. ALVERSON,

Who was not born running for the Legislature and, unlike his opponent, does not want the office for life,

Sheep-killing dogs are giving the farmers around Turnersville a great deal of trouble. John H. Murphy killed one yesterday that had just slaughtered a ewe and was enjoying a meal off of it.

LANCASTER COURT.—There were about 150 cattle on the Lancaster market but trading generally was dull. Some extra good yearlings brought 5c, while heifers were slow at 3 to 3½c. Butcher stuff was in demand at 2½ to 3½c. Horses and mules were high.

At the Lancaster horse show yesterday E. H. Beazley & Co. showed Ante-carlo and Pence, John S. Baughman, Gambrinus, Logan Denby, Phantom, D. S. Carpenter, Dignity Dare, E. P. Carpenter, Prospect, Woods Bros., Eagle Bird, Anderson Carr, Happy Catchmore, F. Reid, Dorsey Gold dust and Quasi. J. R. Beazley, Naboth, Jr., D. M. Anderson, Gilt Edge, Jr., W. B. Burton, Preston. At Santa Fe, Ill., a mob of white farmers lynched an unknown Negro for attempting to assault a 10-year-old girl. After挂ching their victim the farmers made a general onslaught on a colony of Negro bridge builders who were living in tents. The tents were burned and the Negroes were driven to the woods after several of them had been wounded by a fusillade of shots.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25¢ at all Drug Stores.

Final arrangements have been completed for two new electric railways out of Bowling Green—one to Smith's Grove, the other to Franklin.

JOHN SAM OWSLEY, JR.

NO speaker who has been here in years made more friends than did Mr. N. B. Hayes, of Bell county. He is an exceedingly polished talker and his effort was brimful of logic and common sense. He gave many reasons why the 11th district should be represented on the democratic State ticket, dwelt a short while on the tariff question and paid his respects in a most gentlemanly way to his opponents. The following short history of this good democrat and splendid gentleman appears in the London Democrat: "N. B. Hayes, candidate for attorney general, was a democratic elector in 1892, an assistant elector for the State in 1896, and an elector for the State in 1900, and in each instance canvassed a large part of the State at his own expense. He is well-known all over the State and is going to be Kentucky's next attorney general."

HON JOHN K. HENDRICK withdrew Sunday from the race for the democratic nomination for governor, leaving Gov. Beckham without opposition. In a card to the public Mr. Hendrick said he believed that it was impossible for him to win, being unable to visit the majority of the counties, and he did not wish to do anything that might injure the party. He took the step after a conference with several of his leading supporters. The entrance fee of Mr. Hendrick will be returned to him and Gov. Beckham will put up \$2,500. Mr. Hendrick canceled all of his engagements and notified the printer not to place his name on the ballot. Col. Hendrick says he will stand by his party to "the last ditch."

THE Philadelphia Ledger has made an interesting discovery. It seems that in the campaign of last October Secretary Root delivered a speech at Cooper Union in New York, in which he said something about the tariff, and just before he began his Western tour recently President Roosevelt also made a few remarks on the same subject. The Ledger prints the two speeches in deadly parallel columns, showing that not only the ideas are the same, but the words in a large part exactly so. It is very evident that the same person wrote both speeches, and as the secretary got first say, the President will have to plead guilty to the charge of plagiarism.

SEEMS to us National Committeeman Urey Woodson ought either to resign his high office or quit furnishing ammunition for the republicans to use this fall. His attacks on Gov. Beckham are unjust, unreasonable and indecent and while they are not hurting the governor now they might possibly endanger his defeat next fall. Mr. Woodson is a wheelhouse democrat when things go his way, but when they don't he tries to be the "whole pub" in his denunciation of his party's workings.

IN his enthusiasm for the gentleman the Lexington Democrat says: "Governor Beckham is certain to be nominated and elected in spite of the world, the flesh and the devil, and all haves can not prevail against it." It looks very much like our brother is going to prove a prophet in this instance.

THE fact that nearly all of the republican and "Hoover" papers in the State are urging the nomination of Col. Hendrick ought to make the democrats the more firm for Gov. Beckham. Hendrick is of their kind and the enemy naturally feels good toward him.

FIVE suicides in 17 days, from "dread of impending marriage," are reported from London. Marriage is pretty severe in some instances, but hardly severe enough for such a drastic remedy.

THE Harrodsburg Democrat issued a street fair edition of 24 pages which would have been a credit to a city office. Brer. Brown is a hustler from "Hustlersville."

AN appendicitis club has been formed at Westchester, Pa. Fifty persons have been operated upon at the Chester County Hospital for appendicitis. The club will have by law and a constitution and the only requirement for membership will be to have passed under the surgeon's knife. As appendicitis is a very stylish disease the club ought to ask for admission to the 400 of New York.

AN Omaha couple, who were married last December, were divorced on the second of this month and Wednesday they eloped and were married again. The bride is not yet of age. If they ever get tired of each other again and seek to have the galling chains unbroken, the court should sentence them to punishment for life by making them live together.

JUDGE BRECKINRIDGE has withdrawn. Col. Hendrick has withdrawn, now let Urey withdraw and all will be well.

Gov. Davis, of Arkansas, has signed a recently passed bill making it unlawful for non-residents to hunt or fish in Arkansas at any season of the year.

Lieut. Gov. Lee, of Missouri, has sent his resignation to Gov. Dockery. He says his political downfall is due to his refusal to maintain a policy of silence and concealment.

The National and International Good Roads convention met at St. Louis for a three days' session. President Roosevelt and other prominent men are expected to deliver addresses during the meeting.

There are protests throughout Cuba against the taxes imposed by the newly-organized provincial governments. The drug stores of Havana were closed in protest against the stamp tax on patent medicines.

An appeal will be made to Emperor William for permission for Mormon missionaries to remain in Germany. Outrages against the missionaries will, it is said, be made the subject of complaint to Secretary of State Hay.

The following announcements were given out from Gov. Beckham's headquarters, Russellville, Wednesday afternoon, 1:30; Elizton, Thursday afternoon, 1:30; Lebanon, Friday afternoon, Springfield, Friday night, May 1, 7; Somerset, Saturday afternoon.

"I hope God will wither my hand, pale my tongue and burn out my heart in the flames of hell before I will intentionally disonor any position to which the people of Missouri assign me," said Senator Stone at the Kansas City editorial convention.

Lieut. Gov. Lee appeared before the St. Louis grand jury and told how a sum exceeding \$10,000 was distributed to boddies at the Laclede Hotel after the defeat of the "Alum Bill." The question of Lee's resignation is now in the hands of Attorney General Crow.

Garland Adams has moved to East Main St., making six times in 12 months that he has changed his abode.

Chas. Easlie sold his traction engine to Tom Boone for \$275 and has patched up his old boiler until he can get another one.

All of the farmers have their rainy day jobs done now and they are just waiting for the weather to clear up so they can go to farming.

Col. J. P. Chandler says that J. M. Alverson need not be uneasy for every democrat in this vicinity will stick to him like a duck to a pile of dough.

Wm Anderson seems to be the busiest man that we have. He hauls logs two miles and lumber from the same mills to market, and hauls goods for Tom Wentzel from Stanford to Ottensem.

When he goes to Daville after a load of oil he takes with him a load of scrap iron and bones.

Charley Fisher has returned from Louisville where he has been employed in the Avery Plow Factory for several months. Irvine Fisher has gone to Pennsylvania for a visit to his uncle Mrs. G. A. Adams has returned home after nursing another case of typhoid fever, making the 25th of that dreadful disease and has not lost a single case. THE INTERIOR JOURNAL joins us Beckhamites since the withdrawal of its ideal choice, Col. Breckinridge. We welcome this addition with a full realization of its meaning and value to the cause of the great common people.—Severance Journal.

DETROIT is preparing to run for office again and he expects a big vote from the 11th district. He has sent to that district in the last week 50,000 pounds of literature and more to follow. The reading matter comes from Washington and as "Uncle Sam" pays the postage the distinguished gentleman will likely flood the State with it.

THE horse and buggy belonging to Rev. R. B. Mahony, which was stolen from the Baptist church yard Sunday night during services, was found at Honeyville, a Negro settlement about three miles from town. Some scoundrels evidently wanted to go home and was too lazy to walk. Mr. Mahony is considerably pruined and is making every effort to find the guilty parties. The horse, which is a splendid animal, had been used very hard.

KILLED—William Florance, son of J. F. Florance, who lives in the West End, was killed near Paris by the explosion of a stick of dynamite in his pocket. It is supposed that the dynamite was exploded by coming in contact with a small battery which Florance carried about his neck. Two months ago his brother, Manly Florance, was killed by a dynamite explosion and Florance had taken his place in the employ of a telephone company. The body was brought home for burial.

MILLER—George W. Miller, president of the "101" ranch east of Billes, Okla., died at the ranch of pneumonia after a week's sickness. He was the largest land holder in Oklahoma, having 30,000 acres of leased Indian land under his control. He was 66 years old. The body will be taken to Crab Orchard, Ky., for burial, and it was due to arrive there last night. In the event it did the burial will occur this morning. Mr. Miller married a sister of Mr. J. E. Carson, formerly of the East End.

At a meeting of the county committee Friday Mr. James F. Holdan was declared the democratic nominee for circuit clerk, no one else having announced for the office. It was decided that separate ballots should be used in the representative race from those for State offices and in the drawing for positions, Mr. Alversen beat Mr. North and got first place on the ballot. This office secured the job of printing these ballots and will turn them over to Chairman W. S. Burch the latter part of this week.

ELSEWHERE in this issue will be found the announcement of W. Frank McKinney, who asks the democratic of Lincoln county to nominate him for the office of sheriff. At present Mr. McKinney is deputy under Sheriff Baughman and is an excellent and trust-worthy official, and the experience he derives while serving in that capacity will in every way qualify him for the office he seeks. He is a democrat in whom there is no guile and if nominated, will beyond all doubt, succeed the gentleman whom he now serves so well as assistant.

THERE are those who favor the removal of the tower containing the clock and bell, two of the most essential equipments of the building, and at the same time affording the most serviceable and valuable accommodations to the public; those who are willing either to take chances on the walls standing in the condition they are in or to patch and prop them up until they at least look safe, and those who prefer to continue renting offices for the officials as under the statute the court is compelled to do, and letting the records go to the bow-wows. We submit it to a thinking people whether this is ordinary prudence, more especially since it has been conclusively demonstrated that a new building can be erected and paid for within a few years and the taxes not raised. The tower is the only thing that would prevent a strong man from thinking that it is the jail. In fact, the building without the tower would be as incomplete as a jack ass without ears or voice. The bell, clock and its fixtures are valuable and expensive. If they are knocked about until a new house is built it's doubtful whether the clock will look like itself then, much less keep time. Of course a cow-bell could be used to convene court. We take the position that if the records are being destroyed and the tower and walls are unsafe and that there is danger of somebody being killed, all of which we are reliably informed such danger does exist, that a new court house is a present necessity and that any unnecessary delay in avoiding this danger by building a new court house is a waste of money. Within the last few weeks several persons were injured and killed in the court house in the city of Louisville by reason of defective portions of the court house. To what extent that county will be liable remains to be seen. Again, there are those who say patch the conglomerate mass of patches. The county has spent over \$20,000 in patches for the buildings and, what have we? Insecure walls, an immense over-head weight that no one can tell just what moment it is going to fall, how many it will kill nor who they will be; a roof that no human being has yet been able to keep from leaking; valuable records going to decay; the county officers scattered all over town and the county renting offices, others occupying the same rooms. It does not pay when the necessary repairs cost more than the value of the thing after it is repaired; in other words, it doesn't pay to spend \$1.50 patching a \$2 pair of shoes, especially when the portions not patched are badly worn. The times are flush; they may not be so when all the existing county debt has been paid, besides what assurance have we that this man trap will not have killed some one before that time. It should be remembered that if the bonds are voted, only so many will be sold by the court as is necessary to build a safe, secure fire-proof building large enough to warrant the transaction of the county's business which may be done for less than the amount proposed.

BRODHEAD.—"I have always had a desire to go to Brodhead and I imagine it is a delightful little place," remarked the writer's brother to him a few months ago when he was visiting him in Atlanta. Our brother was right. Brodhead is not only a pleasant place to live but is a business town of no small pretensions. In fact there are few towns of its size doing anything like the amount of business and there is no town in the writer's knowledge where such an excellent feeling exists between people generally. There is competition in most all lines of business there but absolutely no rivalry nor jealousy. To make a long story short Brodhead is a model place, peopled by as clever men and women as ever lived, the standard of morals is high and last but not least it is a democratic stronghold. Following is a list of the business firms there and if they are not all flourishing, signs count for naught.

I have had occasion to use your Black-Dranght Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.

J. B. BELSHER, St. Louis, Mo.

Stock and poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Dranght Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Dranght Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
